1. GENERAL CONDITIONS AND DEFINITIONS

This schedule of charges and the below definitions and conditions are in addition to the Abu Dhabi Port Company Standard Terms and Conditions, which shall form an integral part of the schedule of charges and govern the use of the port or provision of services by AD Ports Group or provision of services by Abu Dhabi Ports.

The Port dues and charges are imposed by virtue of the Port Authorities powers under Emiri Decree No. (6) of 2006 and its amendments and subject to the regulations and instructions of the Department Of Transport - Transport (General) Regulations 2010 / Article TP26/10 Ports Dues & Charges.

2. DEFINITIONS

2.1 AD Ports Group: The Abu Dhabi Ports Company

2.2 SAFEEN: Abu Dhabi Marine Services Company

2.3 Channel: Channel charge is levied on all vessels entering the channel and is levied on the Gross Tonnage (GT) of a vessel. The charges shown in the tariff are valid for a single-way transit through the channel either for an inward or outward movement. A tug engaged in towing operations whether attached to the tow or standing by in close attendance pays the appropriate charge as a separate vessel.

Any floating structure, pontoon, cargo or material of whatsoever nature that does not have a defined or declared GT or DT and which is towed by a tug or tugs or similar vessel(s), will be treated as one unit and will be charged two times the GT of the towing vessel/tug, as per the rate in the applicable tariff.

2.4 Musaffah Channel: Musaffah Channel includes all channels and approaches to Musaffah and includes all the water alongside the jetties and quays in the Musaffah Industrial Area.

2.5 Shifting: Applies to vessel movement that uses part of the channel without leaving the channel; or any vessel required to cross the channel as nearly as practicable at right angles between berths; or any vessel required to shift between berths within the same Port; or any vessel shifting/crossing within Musaffah.

2.6 Day: A calendar day consisting of 24 continuous hours commencing at midnight.

2.7 GT: Shall mean the Gross Tonnage (GT) of a vessel as recorded in the valid National or International Tonnage Certificate, issued by a vessel's national administration or classification society on behalf of the national administration. Where a vessel or craft has a dual GT, then the higher figure applies. Vessels, such as warships or special vessels not measured as above will be charged as though their full load displacement tonnage (DT) was their GT.

- 2.8 LOA:** Shall mean the Length Overall in liner meter of a vessel as recorded in the valid National or International Tonnage Certificate, issued by a vessel's national administration or classification society on behalf of the national administration.
- 2.9 DWT:** Shall mean the Deadweight Tonnage of a vessel as recorded in the valid National or International Tonnage Certificate, issued by a vessel's national administration or classification society on behalf of the national administration.
